Ms. Le Ly Hayslip

Author of the Director Oliver Stone
Movie “Heaven and Earth”

Ms. Le Ly Hayslip has been contributing to humanitarian and reconciliation activities, providing education and medical care in Vietnam and other Asian countries. While having indescribable experiences during the Vietnam War, she has been trying to heal the wound of the deep heart that both ally and enemies received. Because she is convinced of “hope being born when some have finished really despairing”.

The war infringes seriously the human rights of a woman and the child who are socially vulnerable. It is indispensable for the people of the different countries to support each other with a heart of the consideration, getting over anger and hatred, so that it is communion truly.
